

**YES**, I would like to become a Friend of the Annette-Kuhn-Foundation by joining the association **Baustein FrauenGeschichte e.V. !** (Building blocks for women's history)

**YES**, the Annette-Kuhn-Foundation needs the Friends' association for long-term planning. Donations will continue to be necessary and welcome in order to organize exhibitions, presentations, and projects and thus illustrate the achievements of women in society from historical times to the present day. This will help us continue our work for increased recognition and the fair assessment of women's achievements. However, to do this we need proper staffing, office space, and space for workshops and exhibitions—the beginnings of a real House of Women's History.

This work needs a solid foundation and reliable long-term planning through membership in Friends of the Annette-Kuhn-Foundation.
